IN RE LOS ANGELES ASBESTOS LITIGATION – GENERAL ORDERS	Case No. C 700000 **GENERAL ORDER NO. 42**

Number of *Pro Hac Vice* Applications: An out-of-state attorney applying to appear *pro hac vice* in an asbestos case, and who meets all other requirements of California Rule of Court ("CRC") 9.40, is presumed not to have engaged in "repeated appearances" in California within the meaning of CRC 9.40(b) if he or she has five or fewer *pro hac vice* admissions in California in the 24 months prior to the current application. This presumption shall not exist if the trial court exercises his or her discretion to the contrary. Nothing in this paragraph relieves an out-of-state attorney from complying with all requirements of CRC 9.40.
