LASC CONTINUES TELEPHONE SYSTEM UPGRADE WITH NEW FAX NUMBERS

As part of the ongoing upgrade of the Los Angeles Superior Court's telephone system, new fax numbers will be introduced at all courthouse locations over the next several weeks. The change to a Voice-over-Internet Protocol (VoIP) telephone system has required the implementation of new telephone equipment and new phone numbers, including fax lines, but is providing the Court with significant annual cost savings.

A notice to attorneys will be issued approximately 30 days before each courthouse implements the new fax number(s) and the Court's website will be updated concurrently with the installation of each new fax number. All courthouse telephone and fax numbers are available on the Court's website at LACourt.org under the General Information/Courthouses tab by clicking on the courthouse of interest, then on the General Courthouse Directory link. Please check the Court's website regularly for the latest updates.
